THIRTY DAYS

Given to Two Rounders in Police Court Thursday Morning by Mayor Shields—Ten Prisoners Are Given Hearing.

Ten prisoners were given hearing in police court Thursday morning by Mayor Shields. The men had been picked up at various points along the city's streets by the members of the city police force, some of them being in a very unrepresentable condition. Bad booze got the best of Fred Robinson and Isaac Peyton again and had benumbed their mental and physical faculties to such an extent that they had to be dragged into the city calaboose. The mayor was considerably perturbed over the fact, and so much so that he imposed the full penalty of the law upon both. The sentence was a twenty dollar fine for each and in default of the payment both were committed to jail for thirty days each. Seven of the prisoners were fined three dollars and costs for their first offense of drunkenness. Four had enough money to pay their fines and upon doing so were released. The others were sent to jail for three days each. Henry Blank was arrested by B. & O. Policeman Powell on the charge of disorderly conduct on the street. The charge against him was dismissed and he was given his liberty with a warning from His Honor.

FIRE BRICK MANUFACTORY

May Come Here From Ohio and Locate in Clarksburg--Mr. Leggett Holds Conference With Concern With That End in View.

Clarence W. Leggett returned Wednesday night from an important trip to Ohio, and which may result in the location of another important industry in Clarksburg. He was in conference with a concern that manufacture fire brick and which desires to establish a factory in the gas belts of West Virginia. Mr. Leggett went over the matter carefully with them and laid before them the advantages of this community, as the result of which there will be a definite decision of the matter within the next ten days or two weeks. There is a prospective site for such a factory and it is stated that the sort of clay that will be required will be of ready and convenient access. The size and capacity of the plant will depend largely on the demand for the manufacture. There is much need of that sort of brick in this section of the state, the several factory buildings now in course of construction and those in operation require brick of this sort for furnaces and other parts of their equipment and this will be a strong inducement to the Ohio concern to come here. Mr. Leggett will be a stockholder in the company, should it locate here.

THE NEW YORK WORLD THIRICE-A-WEEK EDITION

Read Wherever the English Language is Spoken.

The Thrice-a-Week World long ago established itself in public favor, and it is now recognized as the strongest publication of its kind in the United States. Advertisers and publishers seeking clubbing combinations--and they know best--universally testify to this. It is widely circulated in every State and Territory of the Union, and even in remote South Africa and on the gold fields in the deserts of Australia. These are the things that tell.

Next year we have the Presidential campaign, in which all Americans are deeply interested. Already the issues are being discussed and the two great parties are preparing for the first moves. You will not want to miss any details and if you subscribe now your year's subscription will cover the campaign from beginning to end. The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, the Democrat and Republican alike can obtain in its pages truthful accounts of all the great political contests.

In addition to all the news, the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the Clarksburg Weekly Telegram, together one year for \$1.65.

The regular subscription price of the two papers is \$2.00. d-w-tf.
